

TRANSCRIPT PREPARED BY THE CLERK OF THE LEGISLATURE
Transcriber's Office
FLOOR DEBATE

February 6, 2006 LB 778

copy here I've put in parentheses just...that's why I kept saying, the three words "the requirements are." If we eliminate those words, we still know that we're talking about the requirements. Would you agree?

SENATOR LANGEMEIER: I would agree.

SENATOR CHAMBERS: Then that's the amendment that I'm going to offer. And if any of these are found to have created a problem, as soon as Senator Langemeier would bring it to my attention, I would work with him on it, because the nature of these amendments is not such that any one of them will undermine anything in the bill. And the only thing that really upset me about the bill was that reference to the English language. And Senator Langemeier and I are going to talk about that, and Senator Beutler, too, if he wants to. This amendment I have identified, and for the record I've listed the pages and the appropriate lines where it would be found, so I won't repeat that. And Senator Langemeier has stated that he has no problem with it. So if you adopt this amendment, you will be through with me this morning on this bill. But maybe, because there are other bills, the best is yet to come, and maybe not. Thank you, Mr. President.

SENATOR CUDABACK: Thank you, Senator Chambers. You've heard the opening on FA395. Open for discussion. Senator Chambers, there are no lights on. Did you say you would not close?

SENATOR CHAMBERS: Right.

SENATOR CUDABACK: Senator Chambers does not wish to close. The question before the body is, shall FA395 be adopted to LB 778? All in favor vote aye; opposed vote nay. The question before the body is the Chambers amendment, which is FA395. It amends LB 778, offered by Senator Langemeier. Have you all voted on the question who wish to? Please record, Mr. Clerk.

ASSISTANT CLERK: 26 ayes, 0 nays on the adoption of the amendment.

SENATOR CUDABACK: FA395 has been adopted. Anything further on
